Professional Summary

Computer Science undergraduate (2027) skilled in Java, JavaScript, Python, full-stack development, REST APIs, database management, and AI-integrated applications.

Education

Centurion University of Technology and Management, Odisha **2023–2027**
B.Tech in Computer Science and Engineering **CGPA: 8.98**

Intermediate (Class XII) **2021–2023**
Bihar School Examination Board (BSEB) **66.7%**

Matriculation (Class X) **2021**
Central Board of Secondary Education (CBSE) **81%**

Technical Skills

Languages: Java, JavaScript, Python
Frontend: React.js, HTML5, CSS3, Tailwind CSS
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL
AI/GenAI: Generative AI, AI Integration, Prompt Engineering

Projects

AI Expense Tracker *MERN, GenAI, REST APIs*

- Built an AI-powered MERN expense tracker with JWT authentication, transaction management, budgets, financial goals, analytics, and personalized insights.
- Developed a Finance Copilot for natural-language financial queries and AI-assisted transaction extraction with validation and confirmation workflows.
- Engineered budget recommendations, savings plans, anomaly detection, and monthly financial briefings using user-specific transaction data.
- Deployed the React frontend on Vercel and Node.js/ Express backend on Render.

Nova AI – Voice Assistant *MERN, Google Gemini API, Web Speech API*

- Developed a full-stack AI voice assistant using React.js, Node.js, Express.js, MongoDB, and Gemini API.
- Implemented JWT authentication, bcrypt password hashing, protected routes, and persistent conversation history using MongoDB Atlas.
- Integrated Gemini API and Web Speech API for conversational AI, voice recognition, and speech synthesis.
- Integrated Cloudinary for avatar uploads and deployed frontend on Vercel and backend on Render.

Experience

UI/UX Design Intern – Infotact Solutions *Remote | May 2025 – July 2025*

- Completed a UI/UX Design Internship, gaining practical experience in user interface design.
- Designed and improved user interfaces with a focus on accessibility, usability, and user experience.
- Applied modern design principles to create intuitive, visually appealing, and user-friendly layouts.
- Collaborated with team members to improve design solutions through creativity and problem-solving.

Certifications

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle University.

Achievements

- Qualified for the internal round of Smart India Hackathon 2025 with team Syntax-Squad, developing an AI-powered train traffic optimization solution.
- Solved 100+ Data Structures and Algorithms problems on GeeksforGeeks.
